## 1. Project Background

The project is to build resilience of sesame and paddy farmers in two townships (Hpa-An and Hlaing Bwe) in Kayin State through empowering farmers to participate and benefit from the development of sesame and paddy crops value chain.

The objective of the project will be achieved through establishing farmer development initiatives, increasing quality and productivity of sesame and paddy production, creating enabling environment for sesame and paddy farming and trading.

## 2. The Purpose

The purpose of this consultancy is to conduct the training under the title of “Organizational Management” for the targeted beneficiaries from both Hpaan township & Hlaing Bwe township, Kayin State. It is to build up the capacity over Farmer Development Associations from both Hpa An and Hlaing Bwe townships and Seed Producer Association that organized by the project through strengthening management capacities regarding organizational buildup.

The provision of training will be benefiting the whole project community through equipping necessary skill and knowledge to farmer development association (FDA) regarding organizational management. Since FDAs and SPA are the core factors that can reflect the whole project community, injecting such knowledge will help to improve farmer development committees (FDCs) and that of farmers who are directly benefited by the project. In this regard, easy-to-understand curricula and experiences will be included in the training package for convenience purpose for the community.

### 3. Supervision and Quality Control

The consultancy service is directly supervised by Project Officer. The consultant needs to regularly coordinate Program Officer for design, planning & implementation of Ecosystem Approach to Fisheries Management Training Program.

### 4. Methodology

Training will be provided to the farmer development associations (FDA) and seed producer association (SPA) as township level event by representing both Hpaan & Hlaing Bwe township.

- Preparation of training design that fit with the targeted community
- Providing training with the most relevant approach
- Develop the appropriate indicator to evaluate over trainees
- Submitting the separated training reports as per association (FDA and SPA)

### 5. Scope of Work

It is aims for better understanding in regard to management over organizational affairs, financial procedures and lastly conflict resolution. To achieve the goal, installing pillars that make an organization sustainable, incorporates systematic financial management techniques, and sensibility to conflict to overcome.

- Participate the workshop plantation meeting organized by the project
- Develop a training design and approaching method
- Lead as training coach, support and supervise
- Lead in work planning, evaluation, analysing and reporting

### 6. Deliverables

The key deliverables of the consultancy service are:

- Training Modules & Training Session Plan
- Training Methodology and Work Plan
- Training Reports together with video clips, slides and relevant materials
